

THE MASTERS

CONFIDENTIALITY POLICY

Trust and confidence in The MASTERS Board of Directors and their Employee(s) is essential to fulfilling our mission. We are committed to supporting the families who have suffered the tragic loss of their loved one. Knowing we are there for these families is critical to the healing process and having an assurance we will never betray their confidence is an important part of who we are.

Confidential and proprietary information is a crucial part of the process in determining the expenses that qualify for payment by The MASTERS. It is equally important that we instill faith to those we serve that all the information we receive to make these determinations is strictly confidential. Our commitment is to never betray, but build on the trust each family has for The MASTERS.

To demonstrate the importance we place on the service we provided and the respect we have for each of the families we serve, all Directors and Employee(s) will sign and adhere to the provision of The MASTERS Confidentiality Agreement.
